The Art Newspaper Russia

The Art Newspaper Russia is a part of the world's most comprehensive and knowledgeable information network in the field of art. It is the only international publication dedicated to art in Russia. It comes out 10 times per year, has 64 to 72 pages and a circulation of 55 000 copies. The network consists of The Art Newspaper (UK and USA, founded in 1990), Il Giornale dell'Arte (Italy, 1983), The Art Newspaper Edition Francaise (France, relaunched in 2018), The Art Newspaper China (since 2013) and The Art Newspaper Türkiye (Turkey, since 2023). These publications took as their model the world's foremost socio-political newspapers, such as the Guardian, the New York Times, Corriere della sera, but are devoted to the news of the art world.

The Art Newspaper network's publications are distributed in 60 countries. Correspondents from more than 30 countries supply news and reports to the offices in London, New York, Paris, Turin, Moscow, Beijing and Hong Kong.

Our goal is to introduce Russian-speaking audiences to the international art context, and help integrate Russian art into the global art network.

Luxury supplement

The luxury supplement to the newspaper is aimed at sustaining the brand image of advertisers. It features specially prepared articles about real estate, high fashion, collectible watches, jewellery, contemporary design, antiques and cars.

«Po puti» (En route) supplement

In 2024, we launched a special travel project called “On the Way”. The supplement, which spans four pages, is published five times a year and tells about interesting destinations and not always obvious corners of Russia with rich cultural heritage. The first issue in the double number for July–August was dedicated to Mstera (Vladimir region) and traditional crafts. The second one focused on Khvalynsk, the hometown of artist Kuzma Petrov-Vodkin (Saratov region). The issue in the New Year’s double number December–January was devoted to Kostroma and Krasnoe-on-the-Volga village, known as the jewelry cradle of Russia.

THE “BELLY BAND” is a broad glossy paper band that wraps around the paper and the supplements. The size of the band allows it to be used as an additional advertising area, for instant exposure to readers.

COMBINED DISTRIBUTION is an opportunity to add to the newspaper package the client’s own print products, such as advertisement, (inserts, catalogues etc.).
